COLORS AND FONTS

Black colour is #000000

Roboto Slab is our brand font

Roboto was chosen to be GATE's voice. It is a geometric sans-serif, with friendly and open curves typeface. This makes for a more natural reading rhythm more commonly found in humanist and serif types.

Bold weight is used for big ideas and headlines. We want power and synthesis in the length of our written messages.

Lighter styles are used to accompany and present secondary messages.

Noto Sans is our secondary font for longer texts
