

# RECOMMENDATIONS TO TACKLE ANTI-GENDER OPPOSITION

## impacting the health rights of trans and gender diverse communities

### FOR DONORS

1. Fund preemptively - provide funding that allows community-led organizations to counter and prepare for crises
2. Provide long-term, flexible and unrestricted support
3. Prioritize funding directly to key populations, trans-led organizations and other groups targeted by anti-gender actors
4. Assess and audit potential opposition within grantees
5. Pushback (publicly) on unhealthy, oppressive and criminalizing laws

### GENERAL RECOMMENDATIONS

#### Support, partner with and fund community-led responses that focus on:

- Advocating to remove punitive laws, policies, and practices
- Reducing stigma, discrimination, and violence with an intersectional approach
- Increasing HIV service provision inclusive of trans and gender diverse communities led by key populations (30/80/60 targets)
- Advocating for the decriminalization of:
  - Sex work
  - Trans and Gender diverse identities
  - Same sex relationships
  - Gender affirming health care
- Shielding activists from attacks, guaranteeing safety, security and well-being for organizations operating in hostile environments
- Countering disinformation campaigns and anti-gender movements through evidence-based research
- Documenting and responding to human rights violations
- Addressing narrative and social change
- Increasing the inclusion of trans and gender diverse communities in research and data collection
